Our piece of paradise is so much better with Scott Fields in it! A bit of background...We own a portion of, and have lived on the property on Launch lane between the Marina and the yellow condos for ten years. About 2.5 acres, and not within the Deerfield boundaries. The owner of the rest of that property on the yellow condo side has been clearing every tree allowed on their 7 acres to build campgrounds and adding many slips in the small open water space between the new slips and current Deerfield Marina slips. While we are disappointed to lose our privacy, life goes on. Lots of burning going on though. We got a call from Scott fields last night letting us know that he was on our ridge with some others getting the fires under control and the fire department would check the result. We slept better last night knowing that we have people like Scott using his passion to protect those of us in and out of Deerfield area. Thank you Scott!

I wonder if this was really Paul and Madelines' dream for Deerfield. A campground? when do the double wides come in?

Campground??? This should never happen.

Bill McKinney 8h
I was concerned with large scale burning on a couple of windy days. Also had a lot of ash fallout. This explains what was going on.

Sandi Wilson Rutherford 8h
This issue alone blows my mind. I guess everyone thought it went away, but those involved are pushing thru regardless of what the community wants. I don't think anyone wants a campground do they? Sure adds to everyone's value. I can't believe, we're asked to tamp down electrical use for the grids sake, all seasons, but somehow, campers will be coming in. This sure wasn't the dream I was sold.

Sandi Wilson Rutherford 8h
People will be bringing in camper trailers and then live in them year round. In most communities they start with phase one and build up from there. Not Deerfield! We're going backwards!

Sandi Wilson Rutherford "Irregardless" is not a word!

Larry Stewart Author 7h
Daniel Fagin as much as it drives me crazy, irregardless has been accepted in our American lexicon.

Sandi Wilson Rutherford 7h
Daniel Fagin yes it is Dan. Adverb of regardless and I should have used regardless because it doesn't matter what I would say, I'll be criticized for it..

Sandi Wilson Rutherford Huh, there are ~ 30 POS individuals fighting against the dream I was sold too. I'll buy a camper for every homeless person in LaFollete if it makes that group move.

Sandi Wilson Rutherford 4h
Mike Rees really? This has gotten out of control and all at my expense. I just don't want a campground is all I said, but then people like Mike go to the other extreme and are going to support it

Mike Rees 4h
Sandi Wilson Rutherford Let's be clear. I will support EVERYTHING the egoistical, self serving POA does NOT want. They now want their precious airstrip improvement paid for by all Deerfield residents. I'll support turning it into a deer sanctuary and pay for it myself.

Sandi Wilson Rutherford 4h
Mike Rees I'll bet you would use the airstrip if you needed it. It's a long drive to the hospital

Mike Rees 3h
Sandi Wilson Rutherford ever hear of life flight landing on a golf course? Too bad there isn't one of them around.

Frank Foy 2h
Mike Rees I'm not paying for the drag strip unless it's available for me and my friends to hold events

Skip Thole 2h
Mike Rees funding airport maintenance and improvements been their priority all along.

My goodness people, All I wanted to do is thank Scott for his efforts.

It just seems so weird that there are areas past the gates of Deerfield that aren't considered Deerfield. It would be nice to have some sort of diagram.

Mike Rees 5h
Traci Brent Hayden Get with your friendly neighborhood POA, They have a "diagram"

Traci Brent Hayden 5h
Mike Rees oh, I didn't realize anyone had one but it makes sense that it exists in some form because people in this thread have referred to what is in and not in DF. Thanks. Maybe at some point it could be posted.

Mike Rees 4h
Traci Brent Hayden Maybe it can, after the POA stops contesting it in court. Maybe look into that?

Traci Brent Hayden 4h
Mike Rees but we know that the land in question isn't part of DF? That's my question...it wasn't about the POA issue...I'm also convernd about a trailer park coming in...if that's what being proposed.

Mike Rees 4h
Traci Brent Hayden I own a 5th wheel camper in a "trailer park" in Ohio. I would much rather have those people as neighbors than the Bob Hilly's, Dan Valle's, Georgia Sergeant's and Kim Henderson Dehler's of the world any day. No one in that "trailer park" is suing the developer for some small perceived slight against their fragile ego.

Traci Brent Hayden 4h
Mike Rees you're stuck on that...never mind. I guess it's too much to ask for a simple answer to a simple question without the barrage of vitriol.

Mike Rees 3h
Traci Brent Hayden There are no "simple" questions from the POA. I am tired of the passive aggressive, misleading, self serving comments and propandaga of the POA. Larry Stewart made a sincere comment about how much he appreciates Scott, like the majority of us do. Those who do not appreciate Scott and what he does, will get a vapid response from me every time. Get used to it!!

Mike Rees 3h
Mike Rees you've made several assumptions and leaps. Have a nice night.

Mike Rees 3h
I have? Please elaborate.

Mike Rees amen on that statement!!!!

Traci Brent Hayden I, as well, did not realize there were properties beyond the Deerfield gate that were not within "Deerfield". I am a newer resident/owner (3 years) who was unaware of all the turmoil going on within Deerfield when we purchased property. It is unfortunate that you can't ask a simple question without being attacked. This situation sounds like all of us, on both sides, need to be concerned. Hopefully Scott Field's efforts will help.

Traci Brent Hayden 4m
Lindy Lechner Ramsey it is concerning...and very telling.

I'm looking into this. Joe has been reluctant to tell his intentions, but it is a piece of land within the gates behind the marina that is not nor has ever been property of my family's land. Having no codes in the county... and considering that they have a proper easement... there is no way to stop him. I have appealed to Joe this morning to tell me his intentions, and to consider ceasing construction and selling the property to a group of Deerfield homeowners that I will attempt to gather.

Sandi Wilson Rutherford 7h
That would be great Scott.

Larry Stewart Author 7h
Scott Fields I am in for an acre.

Jason Aaron 6h
Scott Fields Are the Deerfield roads private for residents to use and others at the discretion of the community (HOA) to be formed? Can we restrict them from access to the proposed campground?

Mike Rees 5h
I'm in for an acre or 2

Jim Dossett 4h
Why don't we all chip in and buy it and make it a dog park?

Pam Henson Fagin 1h
Jim Dossett There you go!!!!

Jim Dossett Or maybe a workout gym! Or an indoor pool!

Scott Fields It is easy for me to say, for I am not dealing with the local owners of the property on this matter. But if I were, I would remind them that Deerfield people have been major contributors to the success of this county (including their personal business interests) for the past 30 years. Who's to say how they would respond, depending on how they feel about justified reciprocity?
