Happy New Year Deerfield!

Was planning to share a correction to the Deerfield Resort 2021 financials with the 2022 year-end summary, but I'm impelled to share this now and stop misinformation.

It was posted for 2021, the Deerfield Resort Office Copier Lease & Maintenance expense was \$5005.18. THIS IS NOT CORRECT!

The \$5005.18 was incorrectly categorized and should have been recorded as payments for the John Deere Tractor. The tractor is used daily in the community.

FACT: In 2021, Deerfield Resort paid \$394.43 in the copier expense. The balance was paid by Fields Real Estate.

More year-end financial summaries coming soon.

Thank you!

Leslie Edwards and 20 others
